

LD D120

Fast, convenient document duplication

A reliable high-speed duplicator that makes it easier than ever to handle large workloads quickly and cost-effectively

your document management partner

LDD120

FEATURES

The Lanier LDD120 digital duplicator enables schools, colleges, churches, and other cost-conscious organizations to produce high volumes of superior digital copies quickly and affordably. It is equipped with the features and functions you need to accommodate large copy jobs with outstanding speed and efficiency — including a large, easy-to-read LCD control panel, spot color application, and a wide variety of acceptable paper stocks and sizes. Most importantly, the LDD120 offers a significantly lower cost per page than a conventional digital copier for high-volume applications.

Exceptional ease of use

- Large platen glass copies 11" x 17" books and originals
- System automatically erases the center and edges of large documents, so you can make clean copies from thick books
- User-friendly LCD control panel offers exceptional readability and easy operation of the unit
- Hinged master eject unit swings open, providing direct access to the master for easy misfeed removal

Fast, efficient digital output

- Delivers up to 130 pages per minute — up to three times faster than a conventional digital copier
- Accepts a wide range of paper stocks, including card stock, envelopes, and NCR paper
- Straight-through paper path helps ensure high reliability
- Lower cost per page than high-volume digital copiers or laser printers
- Optional print controller connects to a PC for faster job setup

Simple, effective spot color

- Highlight key areas of any document using one of 15 standard colors
- Enhance the impact of key messages
- Add color gradations and shading with tint mode
